The Commonwealth of Massachusetts

OFFICE OF THE SECRETARY, BOSTON, Jan. 20, 1928.

To the Honorable Senate and the House of Representatives:

I have the honor to submit herewith, in compliance with section 133, chapter 54, General Laws, as amended by section 7, chapter 209, Acts of 1921, a report of the number of assessed polls and the number of registered voters in each city and town at the date of the last city and town elections, and the total number of persons who voted at each such election in every city and town, and in every voting precinct therein.

Respectfully submitted,

FREDERIC W. COOK, *Secretary.*

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows:

First.—The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second.—The number of registered voters includes persons who are exempt from taxation and therefore are not included in the number of assessed polls.

Third.—Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.

The Commonwealth of Massachusetts

OFFICE OF THE SECRETARY, BOSTON, Jan. 31, 1929.

To the Honorable Senate and the House of Representatives,

I have the honor to submit herewith, in compliance with section 133, chapter 54, General Laws, as amended by section 7, chapter 209, Acts of 1921, a report of the number of assessed polls, the number of registered voters at the date of the last biennial State election and city and town elections, and the total number of persons who voted at each such election in every city and town, and in every voting precinct therein, together with the number of votes received by each candidate for nomination and for election for a State office, and for election for a State committee.

In further compliance with the law above quoted, I submit the following recommendations:

1. Boards of election commissioners and registrars of voters under the General Laws consist of four members equally representing the two leading political parties. It is reported that during recounts and the consideration of other controversial matters there have been tie votes on various questions which have remained unsettled. Since it seems desirable that some method should be provided for determining such questions in such boards, I recommend legislation to provide that in case of a tie vote or other disagreement the justice of the district or municipal court having jurisdiction in the city or town, or a special or associate justice to be designated therefor by such justice, shall, for the purpose of settling the disagreement or breaking the tie vote, be a member of said board and shall preside and cast a deciding vote. At the present time laws provide methods for deciding such votes in certain cities. It would seem desirable to regulate the matter by general law.

2. General Laws, chapter 53, section 14, makes provision for filling vacancy in case a candidate nominated for office dies before the day of election or is found ineligible. One of the methods provided is by the members of the ward and town committees in the wards and towns comprising the district. There is apparently no provision made for calling and conducting a meeting of these committees. I therefore recommend that authority be given by the chairman of the State committee of the political party interested to call such a meeting and to proceed until a chairman of the meeting is elected.

3. The question has been raised as to the legality of certain acts of Registrars of Voters in a number of towns in the Commonwealth in registering voters prior to the State election primaries of 1928, and as to the legal qualification of voters so registered.

General Laws, chapter 51, section 27, as amended by Acts of 1924, chapter 204, provided that at least one session for registration should be held on or before the Wednesday last but one preceding a primary. Acts of 1928, chapter 103, section 1, provides that there shall be no registration of voters between ten o'clock in the evening on the twentieth day preceding and the day following the biennial State primary. In many towns sessions for registration were held at a later time than that authorized by said chapter 103. That there may be no question, because of date of registration, as to the qualification of voters so registered, I recommend that an act be passed validating their registration, if otherwise qualified.

4. In 1922 an act was passed amending General Laws, chapter 54, section 139, to provide for the appointment of a Senator in Congress in case of a vacancy. No such provision is possible under the present law in case of a vacancy of Representative in Congress.

I recommend that the General Court memorialize the Congress of the United States for the passage of an amendment of the Constitution to permit such appointment.

RETURNS UNDER THE "CORRUPT PRACTICES" LAW.

In compliance with General Laws, chapter 55, as amended by the Acts of 1928, chapter 212, nomination expense returns were received from 1,177 candidates of which 54 appeared to be irregular or defective, and were therefore transmitted to

the Attorney-General according to law, together with a list of the names and addresses of 45 candidates who failed to file a return.

There were 1,046 candidates who reported no receipts. The total receipts for nomination as shown by returns filed were \$22,387.89. There were 294 returns of no expenses and 24 payments to political committees of \$605.25, a decrease of \$11,595.25 as compared with 1926. The total expenditures for nomination were \$191,541.09, an increase of \$57,916.96 as compared with 1926.

Election expense returns were received from 775 candidates of which 22 appeared to be irregular or defective, and were therefore transmitted to the Attorney-General according to law, together with a list of the names and addresses of 30 candidates who failed to file a return.

There were 613 candidates who reported no receipts. The total receipts for election as shown by returns filed were \$37,732.50, and 74 candidates reported receipts from political committees amounting to \$15,036.67.

There were 315 returns of no expenses and 153 payments to political committees amounting to \$18,243.92, a decrease of \$12,678.37 as compared with 1926.

The total expenditures for election were \$91,055.21, an increase of \$2,848.35 as compared with 1926.

The total receipts of candidates for both nomination and election were \$60,120.39, and the total amount received from political committees was \$15,036.67. The total expenditures were \$282,596.30, an increase of \$60,765.31 as compared with 1926, and the total amount paid to political committees was \$18,849.17, a decrease of \$24,273.62 as compared with 1926.

There were also received from the treasurers of political committees 779 returns, of which 406 were certificates; 84 stating that the aggregate receipts and disbursements did not exceed \$20, and 322 reporting no receipts or disbursements. Three hundred and thirty-two of the returns, of which 200 were certificates, were transmitted to the Attorney-General as apparently in violation of the law.

There were also submitted to the Attorney-General a list of 96 committees that had filed their organizations but had not filed statements of receipts or expenditures or a statement to the effect that they had not received or expended anything of value.

The net receipts were	\$802,407.36
(An increase of \$247,256.79 over 1926.)	
The net expenditures or disbursements were	777,010.64
(An increase of \$247,020.37 over 1926.)	
The total unexpended balance was	25,396.72
The total liabilities were	25,402.32

The gross amount returned by committees as receipts was \$844,038.70; and as disbursements, \$818,641.98. Of these amounts, \$41,631.34 was returned both as receipts and disbursements by more than one committee.

Respectfully submitted,

FREDERIC W. COOK,

Secretary.

AND
PERSONS WHO VOTED
AT THE
STATE, CITY AND TOWN ELECTIONS
IN THE YEAR 1928

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED
AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows:

First.—The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second.—The number of registered voters includes persons who are exempt from taxation and therefore are not included in the number of assessed polls.

Third.—Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.
